

PRECAST POOLS

BLUEEYS BEACH

Why Precast Pools?

Affordable quality.

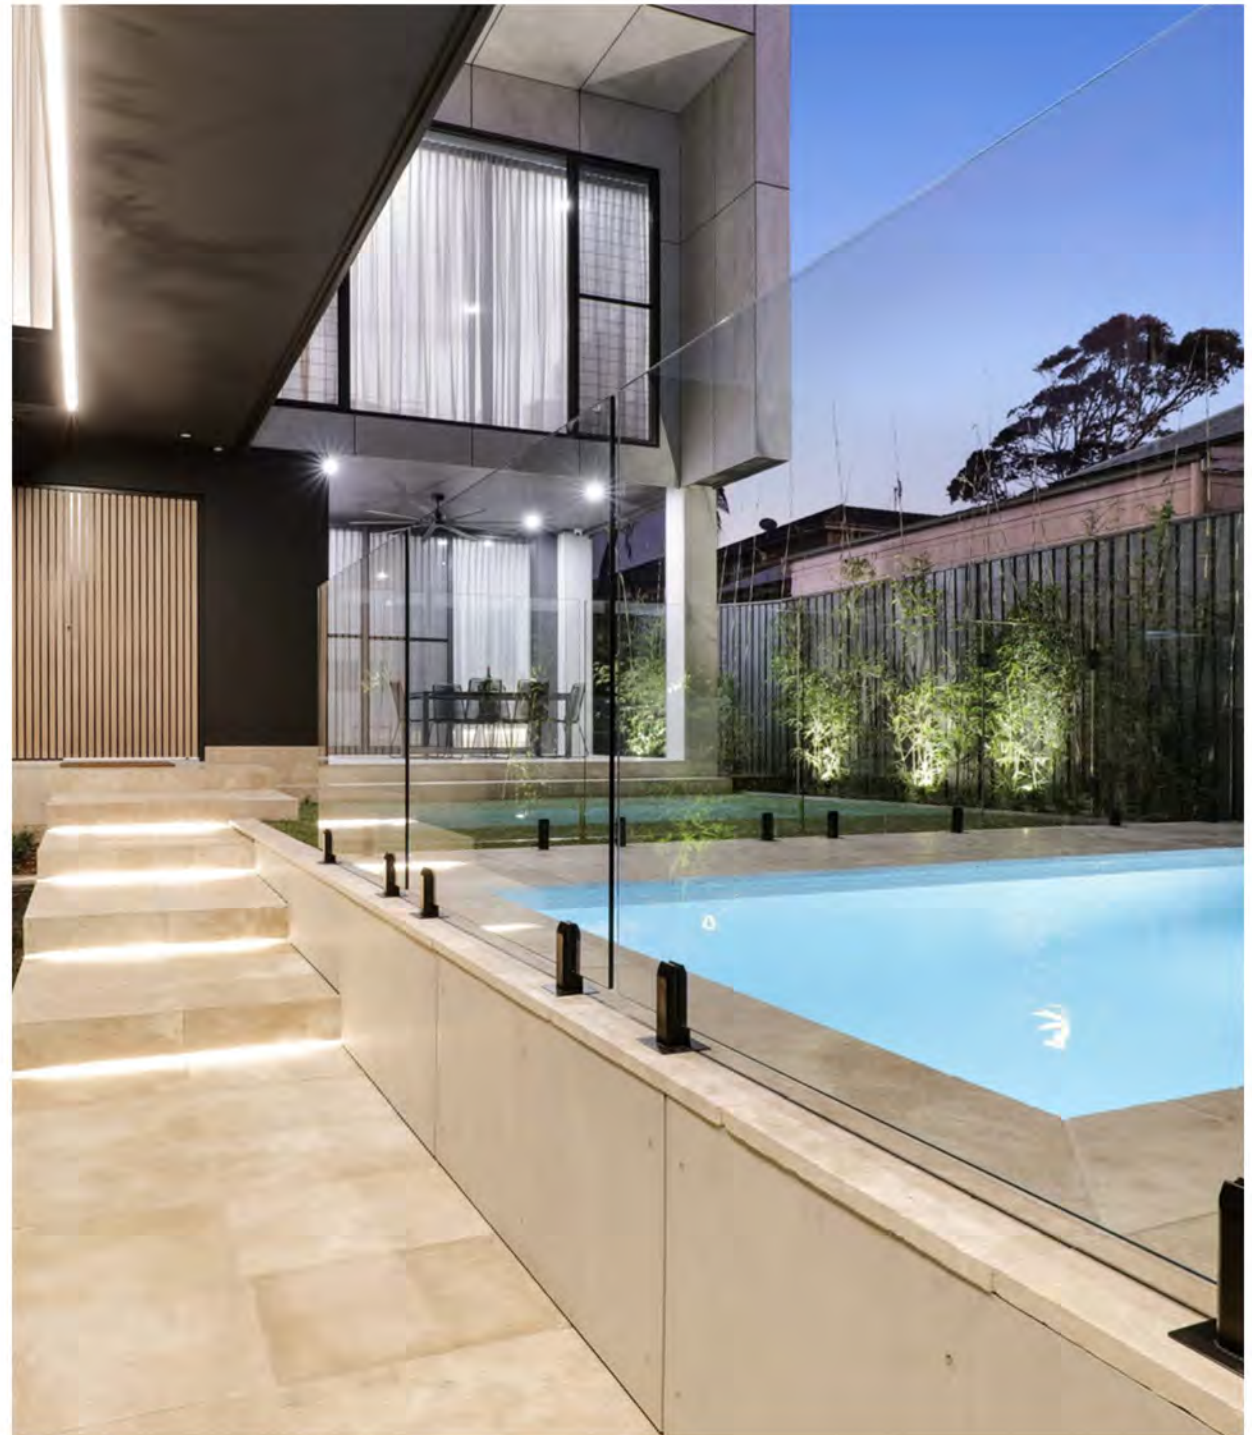

Exceptional finishes.

Our concrete Precast Pools are affordable, high-quality, and normally swim-ready in under 72hrs (including excavation). They're designed to work with decking, other surrounds or standalone.

100% Australian made and finished with premium tile & stone to your requirements.

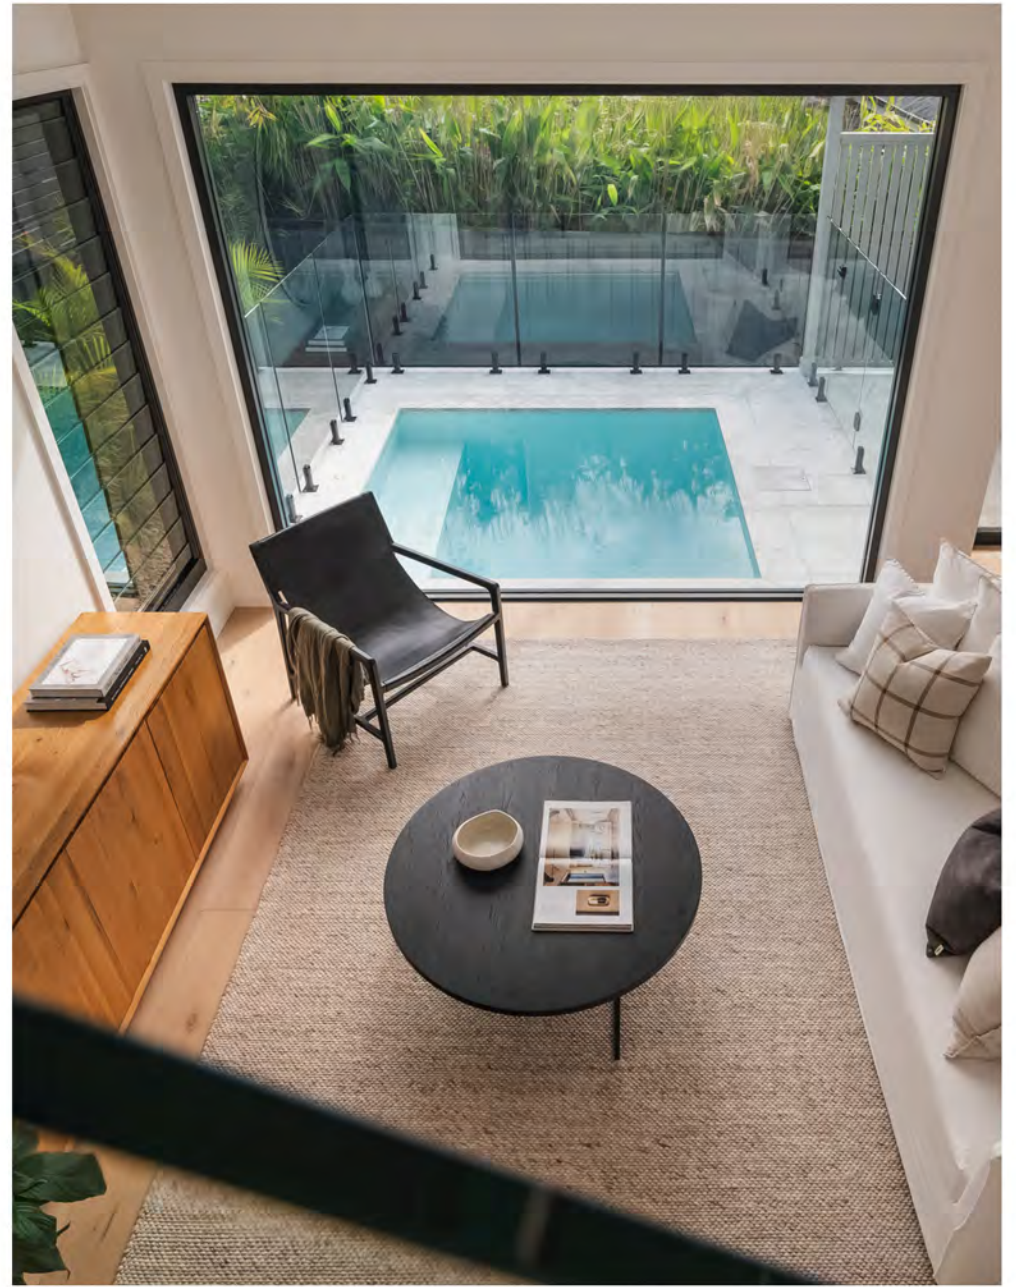

With Precast, expect a 35% cost saving compared to an equivalent custom concrete pool, plus the luxury of complete internal tiling. We use only high-end Spanish tile & imported stone.

We give a 10 year guarantee on finishes (tiling and stone coping). Our innovative designs are built to strict quality guidelines following extensive R&D and testing.
