Shed House Studio

Welcome to Shed House Studio. In Studio, we help our clients choose colours, materials & upgrades for their projects. Our sales team walks you through our four step selection process.

We stand by our suppliers and choose only the best finishes - all made locally.

Step One

Select External Wall Cladding Material & Profile

Step Two

Select External Wall & Roof Colours

Step Three

Select Your Rear Facade Window & Door Option

Step Four

Select Your Extended Eaves

Step Five

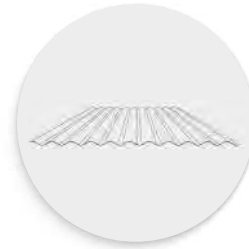

Select Your Window & Door types & locations

Step One

Select Your External Wall Cladding Material & Profile

Step Three

Select Your Rear Facade Window & Door Option

Single Level Rear Facade Options

Select your preferred rear facade window & door glazing option

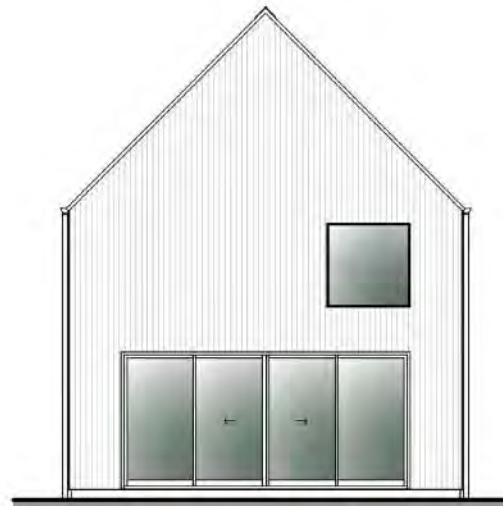

Single Level Base Rear Facade

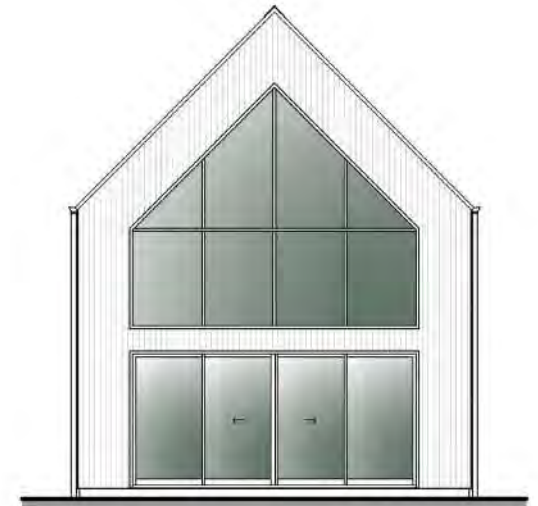

Single Level Upgrade Rear Facade

Two Level Rear Facade Options

Select your preferred rear facade window & door glazing option

Two Level Base Rear Facade

Two Level Upgrade Rear Facade

Step Four

Select whether you want Extended Eaves

Extended Eaves

These are external extensions of the Shed structural frame.

They provide outside weather protection, increase energy efficiency and make great spaces for alfresco dining.

Available Options

- **Option 1** - No Extended Eaves
- **Option 2** - Extended Eave to Front (1m, 2m or 3m)
- **Option 3** - Extended Eave to Rear (1m, 2m or 3m)
